ABSTRACT

This directory lists National Library Service for the Blind and Physically Handicapped libraries and machine-lending agencies alphabetically by state. Each entry includes address, phone and fax numbers, e-mail address, World Wide Web site, area served, librarian name, hours, book collection, special collections, assistive devices, special services, and publications. Other library resources at the national level are arranged alphabetically by the name of the organization. Each entry indicates address, phone and fax numbers, contact person, hours, eligibility requirements, special media available, subject coverage, reading levels, lending policies, and catalog availability. Appendices present fiscal year 1998 data on readership, circulation, budget, staff, and collections. (MES)

National Library Service

A free national library service providing recorded and braille materials to blind and physically handicapped persons is administered by the National Library Service for the Blind and Physically Handicapped, Library of Congress (NLS). Under a special exemption of the U.S. copyright law and with the cooperation of authors and publishers who grant permission to use noncovered copyrighted works, NLS selects and produces full-length books and magazines in braille and in audio-recorded format. The reading materials produced are then distributed to a cooperating network of regional and subregional libraries that circulate them to eligible borrowers by postage-free mail. Network libraries also offer reference, readers' advisory, and other services.

Established by an act of Congress in 1931 to serve blind adults, the program was expanded in 1952 to include children, and again in 1966 by Public Law 89-522 to include individuals with physical impairments that prevent the reading of standard print. Fifty-seven regional and eighty-one subregional libraries are currently part of the network, serving all parts of the United States, Puerto Rico, the Virgin Islands, and Guam.

Playback equipment is loaned free for use with books and magazines recorded on disc at 8 and 16 rpm and on cassette at 1-7/8 and 15/16 ips. Special accessories supplied on request include special amplifiers, remote control units, breath switches, extension levers, and pillow speakers. Libraries and other designated machine-lending agencies serve as distribution points for playback equipment and accessories.

Applications for library service from eligible persons or institutions such as hospitals and nursing homes are made directly to the network library or machine-lending agency serving a particular geographic area. Application forms, demonstration equipment, and sample reading materials are available in many local public libraries.

American citizens living abroad receive service directly from NLS and should apply to the Network Services Section. Direct service is not extended to individuals outside the United States and its territories and possessions unless they are American citizens; however, international interlibrary loans may be arranged with NLS.

Music services are provided by the NLS Music Section, which has an extensive collection of music scores, books, and instructional materials in braille, large print, and recorded media. Through its Reference Section, NLS serves as a national information resource on various aspects of disability. The National Library Service also functions as a bibliographic center on reading materials for people with disabilities and can make referrals to libraries and organizations that have materials in special media.

A number of not-for-profit organizations and volunteer groups that are not part of the NLS network also provide reading materials in special media on loan to print-handicapped individuals. Criteria for inclusion of these organizations in this directory are these: services offered nationwide; a book collection sufficiently broad in subject matter to be of general interest; a minimum of two hundred titles available on loan; and circulation on the basis of free loan or for a minimal fee to cover basic costs. As additional organizations meeting these criteria become known, they will be included in future editions of the directory.

How to use the directory

NLS network libraries and machine-lending agencies are arranged alphabetically by state. Within each state, the regional library appears first, followed by subregional libraries (if any) listed alphabetically by city. In several states, two regional libraries have been established; in these instances, the specific service area of each library is shown. County service areas are also listed for subregional libraries, but for libraries that serve eighteen or more counties, the outlying or border counties are listed while those in the center of the service area are not. Regional libraries that also function as machine-lending agencies are identified by an asterisk (*) immediately following the name of the library. Separate machine-lending agencies (if any) are listed as the final entry for a state. Regional libraries designated as braille-lending libraries are identified by a number symbol (#). Braille is listed under the book collection heading for each of these libraries. For libraries not designated as braille-lending libraries, braille collections are listed under the special collections category.

The information about NLS network libraries and machine-lending agencies contained in the body of the directory and in Appendix II was provided by each network library and machine-lending agency in response to a questionnaire circulated in February 1999; readership and circulation statistics in Appendix I are for federal fiscal year (October–September) 1998. In the few cases where responses were not received or information was not available, data from the previous edition of the directory have been reprinted and footnoted. An effort was made to record changes in names, addresses, and telephone numbers up to 8/31/99.

Other library resources at the national level are arranged alphabetically by the name of the organization. Each entry indicates eligibility requirements, special media available, subject coverage, and lending policies, all of which may vary from one organization to another. Requests for catalogs or further information about their services should be addressed to the appropriate organization and not to the National Library Service for the Blind and Physically Handicapped or its cooperating network libraries.

This directory is available over the Internet through the NLS World Wide Web site at <http://www.loc.gov/nls>, and free print copies of the directory are available to libraries and organizations by contacting

^a Totals for recorded disc include flexible disc.

^b Libraries listed are regional libraries; totals include their subregionals.

^c Total includes direct circulation of magazines to other states served.

^d Data is from previous fiscal year.

^e All direct circulation magazine statistics include *Talking Book Topics* and *Braille Book Review*. Magazines are sent directly from producers to patrons.

^f All circulation statistics are containers (disc and cassette) or volumes (braille).
 N/A—not applicable.

^a Number of containers (recorded discs and cassettes) and volumes (braille) both mass-produced and volunteer-produced.

^b Other sources of funding include one-time contributions from private organizations, gifts and bequests. Larger amounts are often from endowments and trust fund interest or income, which may continue from year to year.

^c Includes carryover from prior fiscal year(s).

^d Partial data.

^e Data requested, but not submitted.

^f Information unavailable.

^g Current data unavailable; data are from preceding fiscal year.

^h Includes funds for braille service to 13 other states.

N/A—not applicable.
